Main fields of activity

- Corporate, organizational structure, restructuring and M&A
- Planning, managing and organ ising management, financial-accounting, commercial, procurement, contracting and personnel activities
- Management of human resources, management of labor relations of employees and civil servants, as well as management of the relationship between employers and trade unions / employee associations
- Public investment, foreign investment and the optimization of economic freedoms within the European Union
- Relationship with public administration, relationship between public administration institutions, organization and functioning of public institutions, as well as monitoring and control of budget expenditures
- Public procurement - extensive experience in the complete procedure, from the initiation to the litigation phase and the completion of public procurement contracts
- Specific areas: Energy | Big Pharma | Aviation
- Taxation, anti-fraud, tax evasion, money laundering, corporate crime
- Real estate and construction authorization
- Labor disputes and civil service litigation
- Insolvency and liquidation | Foreclosure

Consultancy, assistance, legal and management representation services, specific to the legal profession and to business law

23.03.2015 - 06.05.2016

Administrator

17.09.2018 -15.03.2019

Deputy General Manager (Administrative General Manager - CAO)

Romanian National Air Transport Company - TAROM S.A.  
Calea Bucureștilor no. 224F, Otopeni, Ilfov county (Romania)

**Main activities and responsibilities**

Administration and executive management of the national air transport company in order to meet the established objectives and performance criteria, at the level of the board of directors and, respectively, at the management board, according to the hierarchy and organization of powers established according to the Articles of Association and the Company Statute (in a unitary system)

*Related duties assigned:*

- Coordinating and signing the revenue and expenditure budget
- Replacement by full delegation of the position of General Manager - CEO in some situations of absence of the incumbent
- Replacement by full delegation of the position of Chief Financial Officer - CFO in the absence of the incumbent
- Delegation of the power to represent the Board of Directors in relation to the General Meeting of Shareholders and to its meetings
- Chairman of the Employers' Commission for the negotiation of the Collective Labor Agreement at TAROM unit level for the years 2015-2017
- Chairman of the Commission for the elaboration and negotiation of the salary scale
- Responsible for overseeing and coordinating procurement procedures for strategic and legal assistance procurement
- Member of the Audit Committee of the Board of Directors

**Selection and appointment manner:**

- In the first term, selected as non-executive director by international procedure by recruitment experts PricewaterhouseCoopers Tax Advisors & Accountants SRL (association leader), D&B David and Baias SCA and George Butunoiu Group SRL and appointed by the General Meeting of Shareholders in accordance with GEO no. 109/2011 on the corporate governance of public enterprises;
- Also in the first term, subsequently selected and appointed by the Board of Directors in accordance with GEO no. 109/2011 in the position of Chief Administrative Officer, position of Deputy General Manager (the only such position held in the organizational chart), thus becoming executive director.
- In the second term, selected as a non-executive director by the independent expert in human resources recruitment Pluri Consultants and appointed by the General Meeting of Shareholders in accordance with GEO no. 109/2011.

**Significant achievements in the first term:**

- The financial year 2015-2016 (first year of the mandate) was the first after 2007 in which the cash flow stabilized and in which there was a considerable increase in the final balance of cash and similar accounts, with a positive net value of approximately 20 million USD
- The annual financial result target assumed by shareholders (including the state) through the Management Plan for 2013-2016, namely a loss of 50 million lei, was much exceeded, the loss being reduced from about 110 million lei in 2014 to about 27 million lei in 2015. Although EBITDA was positive, only the deduction of non-monetary expenses (depreciation, provisions and negative exchange rate differences), as well as the increase in expenses with provisions, contributed to a negative financial result

- Coordinating and finalising negotiations on the conclusion of an exclusive partnership for Tarom passengers whereby the Company would offer for sale, at a preferential price, products sold in-flight and/or online
- Coordination and finalising negotiations on the installation, organisation and maintenance of an in-flight intranet entertainment system "AirFi"
- Coordinating the preparation, for the Board of Directors, of the 2016-2019 Management Plan and of the strategy for restructuring, recovery and economic development of the company in the short, medium and long term;
- Coordinating the improvement of corporate functioning in the following aspects:
  - reorganisation of procurement activities (by centralizing the various disparate structures in a single department), human resources (by proposing a new organisational scheme) and legal (by restructuring the legal department);
  - reviewing procedures and workflows for simplification, flexibility, efficiency and shortening of approval circuits, for the reduction of bureaucracy, as well as for substantiating the elimination / merging of parallel structures;
- Concluding collective negotiations with the nine unions formed at unit level, respectively the two representative federations at sector level, as well as with the employees' representatives, and signing of the Collective Labour Agreement at unit level for the years 2015-2017 after approximately one year of negotiations, under optimal conditions for the Company, in relation to the circumstances, possibilities and associated risks;
- Coordinating the preparation of the first forms of salary scales

**Significant achievements in the second term:**

- Compared to the reference period 2010-2017, the highest operating revenues were generated, the highest number of passengers carried, the highest average load factor and the most flights operated
- Most online sales in the company's history have been generated
- In the period between the first and second terms, there was a sharp decrease in financial liquidity and EBIDTA, but in the second term EBITDA returned to the surplus, at about \$ 2.7 million.
- The first integrated advertising campaign in the last decade

Air passenger transport and other trade-specific acts of airlines

09.11.2009 - 02.04.2014
